SMART ACCESS & AUTOMATION SYSTEMS

PRODUCT CATALOGUE

A SMART SOLUTION IS A SAFE SOLUTION

Technology That Makes Everyday Life Smarter

Easy to Install
Quick and hassle-free setup that integrates seamlessly into your existing home.

Control From Anywhere
Manage your smart home directly from your smartphone, no matter where you are.

Secure & Reliable
Bank-grade encryption and 24/7 reliability ensure your home and data stay protected.

Built for Smart Living
Designed to adapt to your lifestyle with intelligent automation for optimal comfort.

Leading Smart Home Solutions

Transform your spaces with smart devices designed for modern living. From security to automation, jiSECURE brings innovation to every corner of your home.

- **Intelligent Access Control** • **Centralized Control Dashboard** • **Seamless Integration**
- **Remote Management & Notifications** • **Predictive Maintenance & Alerts** • **Data-Driven Insights & Reporting**

Why Choose jiSECURE Smart Solutions?

- ✓ **Unmatched Security:** With real-time alerts, video monitoring, and remote control, your home is always under watch, no matter where you are.
- ✓ **Smart Automation:** From adjusting lights to controlling your thermostat, our systems make your home more efficient and tailored to your preferences.
- ✓ **Energy Efficiency:** Save on utility bills by optimizing your home's energy consumption with our smart devices.
- ✓ **Seamless Integration:** Our products work together to create a cohesive, easy-to-use smart home ecosystem, providing you with a connected experience.
- ✓ **Exceptional Support:** Our dedicated customer service team is always here to help you with setup, troubleshooting, and maximizing the full potential of your smart home system.

ABOUT JISECURE

Pioneering Smart Living & Access Automation

jiSECURE is dedicated to transforming modern residences, corporate offices, and commercial facilities into intelligent, secure, and seamlessly connected environments. We engineer and deliver a comprehensive range of advanced IoT hardware solutions, including smart door lock controllers, biometric attendance systems, intelligent power relays, and addressable lighting controllers.

Each jiSECURE solution is designed to eliminate everyday friction, enhance physical safety, and grant effortless remote visibility. Whether monitoring entry attempts in real time, granting guest access from across the world, or tracking workforce attendance across multiple branches, our hardware delivers enterprise reliability with consumer simplicity. Through intuitive iOS and Android applications, users enjoy unified command over every connected system. Built upon robust cloud infrastructure, jiSECURE bridges cutting-edge engineering with durable local manufacturing to ensure every customer receives top-tier performance, responsive support, and complete peace of mind.

Our Mission
To empower modern property owners with accessible, secure, and future-ready automation hardware backed by reliable indigenous engineering

OFFICIAL QUALITY GUARANTEE
1 Year Official Warranty
Comprehensive hardware replacement & priority support

DOMESTIC ENGINEERING
Proudly Made in India
Designed, developed & manufactured for Indian homes

Why Property Owners Choose jiSECURE

100% In-House R&D
Hardware architecture, firmware & cloud servers developed indigenously in India.

Bank-Grade Privacy
End-to-end encrypted authentication without reliance on insecure public cloud gateways.

Retrofit-Friendly
Integrates directly into existing electrical boards and door rim locks without re-wiring.

OTA Smart Updates
Over-the-Air firmware upgrades keep hardware secure, current, and feature-rich for life.

Intelligent Access Control
Manage access with precision using automated authentication systems, biometric scanning, and customizable permission levels.

Centralized Control Dashboard
All your smart devices and security systems are integrated into a single intuitive dashboard, controlling access, review alerts, and managing system settings.

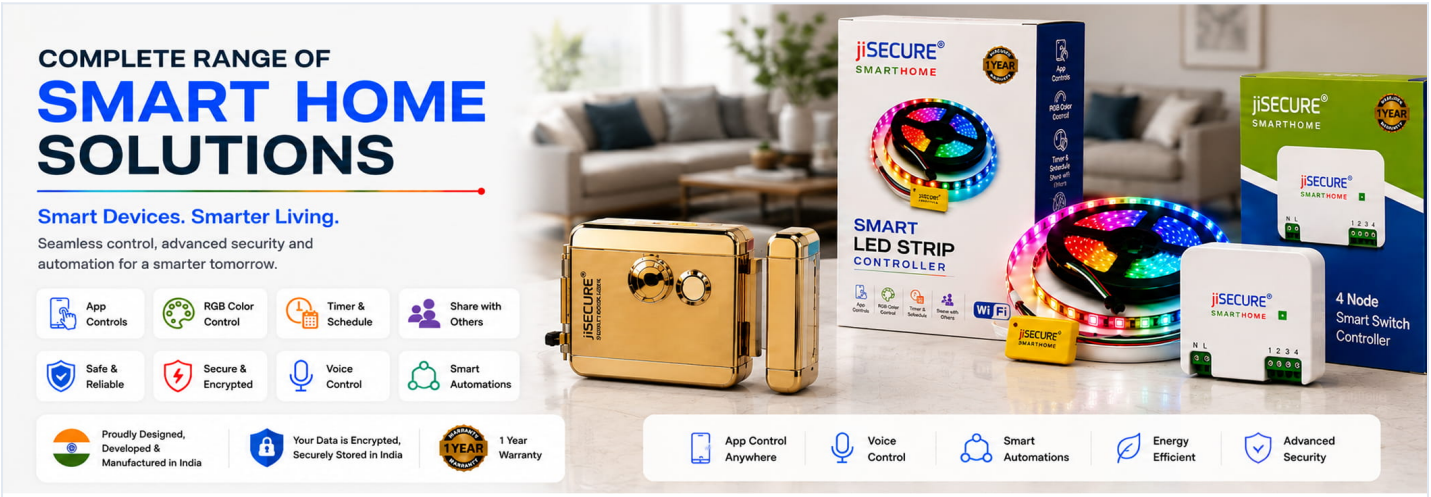

Data-Driven Insights & Reporting
Gain actionable insights from comprehensive reports generated by jiSECURE, tracking security trends, access patterns, and system performance.

OUR ECOSYSTEM

Comprehensive Smart Solutions

jiSECURE unifies security, access management, and automated control into a cohesive, interoperable IoT ecosystem. Engineered for residential, corporate, and municipal applications, our products integrate seamlessly to deliver intelligent automation, energy efficiency, and remote oversight.

RESIDENTIAL AUTOMATION

Smart Home Solutions

Enhance your home with smart solutions for comfort, security, and convenience. Control lighting, climate, and security seamlessly at your fingertips

- Dual Wi-Fi & BLE direct communication
- Works with existing manual switchboards
- Automated timers, scenes & schedules
- Real-time feedback & multi-user sync

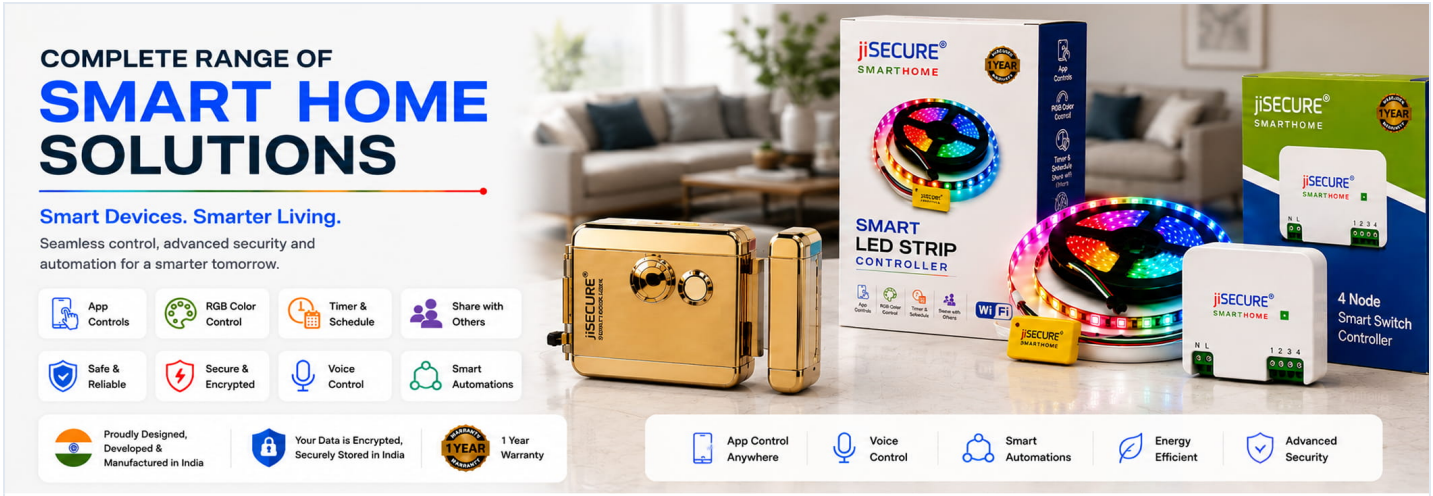

INDUSTRIAL AUTOMATION

Smart Industry Solutions

Revolutionize industrial operations with smart solutions that optimize production, reduce energy consumption, and improve safety

- Industrial-grade IoT telemetry & equipment monitoring
- Real-time automated alerts for overload & power faults
- Heavy-duty relay control with surge & spike isolation
- Multi-site operations dashboard with exportable reports

MUNICIPAL & SMART CITY

Smart City Solutions

Boost office productivity with smart automation. Streamline operations, enhance security, and improve collaboration

- Municipal scale IoT sensors & smart street infrastructure
- Centralized energy-saving schedules & remote oversight
- High-reliability encrypted long-range connectivity
- Unified civic operations console for municipal facilities

CORPORATE & WORKSPACE

Smart Office Solutions

Build safer, smarter cities with integrated solutions: intelligent traffic, energy management, and public safety for a better quality of life

- Cloud-synced biometric fingerprint & RFID attendance
- Real-time automated employee shift & leave reports
- Smart digital displays with live status indicators
- Central multi-branch management from unified dashboard

WIRELESS NURSE CALLING SYSTEM

SMART HEALTHCARE

Instant Patient-to-Nurse Communication.

Improve response times and patient care with secure, easy-to-use wireless nurse call systems.

Instant Alert | Wireless Range | Multi-Device | Secure Network

Proudly Designed, Developed & Manufactured in India

Your Data is Encrypted, Securely Stored in India

1 YEAR WARRANTY

HEALTHCARE & ASSISTED LIVING

Smart Health Solutions

Intelligent nurse call and patient assistance systems designed for hospitals, clinics, elderly care facilities, and home healthcare environments.

- One-touch instant CALL & SOS emergency assistance signaling
- High-visibility central ward & nursing station LED displays
- Audible alerts with staff completion & acknowledgment tracking
- Designed for hospitals, clinics, elder-care & home patient care

jiSECURE Smart Relay Module 30A | NO/NC Contact

Model: **SHR1000_W**

- The jiSECURE Smart Relay Module 30A is a powerful and versatile solution for smart switching and remote appliance control. Designed with NO (Normally Open) and NC (Normally Closed) contacts, it allows you to control a wide range of electrical appliances and devices with greater flexibility.With WiFi-enabled remote control, you can conveniently switch connected appliances ON or OFF from your smartphone, making it ideal for modern home automation, offices, shops, and other applications.The 30A high-capacity relay makes it suitable for controlling high-power electrical loads, while the NO/NC configuration provides flexible switching options according to your application requirements.
- Seamless mobile app control for Android and iOS.
- Local Bluetooth BLE direct pairing for offline operation.
- Automated scheduling, timer routines & custom scenes.

Product Angles

Application & Deployment
Ideal for Home. Seamless retrofit with no wall tearing or extra wiring.

Technical Specifications

Brand	jiSECURE
Model / SKU	**SHR1000_W**
Category	Smart Industry Solutions
Wireless Protocol	Wi-Fi 802.11 b/g/n (2.4 GHz) & BLE
Operating Voltage	220V
Output / Load	30A
Mobile App Sync	jiSECURE App (iOS & Android)
Enclosure Material	Flame-Retardant ABS & Polycarbonate
Warranty	1 Year(s)
Country of Origin	India
Manufacturer	jiWeb Technologies LLP

SMART INDUSTRY SOLUTIONS

jiSECURE Display

Model: **JIS-4**

- Seamless integration with smart displays and mobile apps
- Remote ad content management from any location
- Real-time ad scheduling and updates
- Targeted ad delivery based on time, location, or audience

Product Views & Details

Application & Deployment
Ideal for Homes, Offices, Commercial Facilities. Seamless retrofit with no wall tearing or extra wiring.
