About

Home Automation

jiSecure is dedicated to transforming modern homes into smarter, safer, and more seamlessly connected living environments. We provide a comprehensive range of innovative smart home solutions, including advanced security systems with real-time alerts and remote monitoring, automated lighting, intelligent climate control, and smart energy management. Each solution is thoughtfully designed to simplify everyday routines, enhance comfort, and improve overall efficiency.

Our technology adapts to your lifestyle, learning your preferences to deliver personalized automation and effortless control. Through intuitive, user-friendly applications, you can monitor and manage your home anytime, from anywhere—whether you are at home, at work, or traveling.

At jiSecure, we combine cutting-edge innovation with reliability and elegant design to create secure, energy-efficient, and future-ready homes. Our mission is to provide lasting peace of mind while helping families enjoy greater convenience, safety, sustainability, and complete control over their connected living spaces.

1 YEAR WARRANTY

MAKE IN INDIA

We Provide Smart Solutions

We bring the future of connectivity to life with advanced IoT-based smart solutions designed to transform the way people interact with their environments. Our innovative systems seamlessly integrate devices across homes, offices, and cities, creating intelligent ecosystems that enhance automation, efficiency, and control.

Smart Home Solutions

Smart home solutions connect devices through IoT for seamless control, security, comfort, and enhanced efficiency.

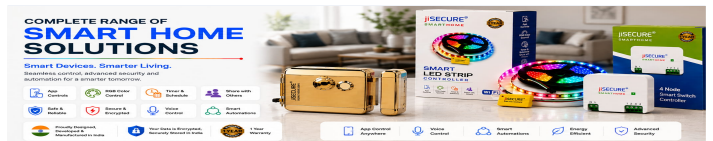

Smart Office Solutions

Smart office solutions use IoT for efficient control, security, comfort, and productivity.

Smart City Solutions

Smart city solutions use IoT to improve infrastructure, safety, efficiency, and remote management.

Smart Industry Solutions

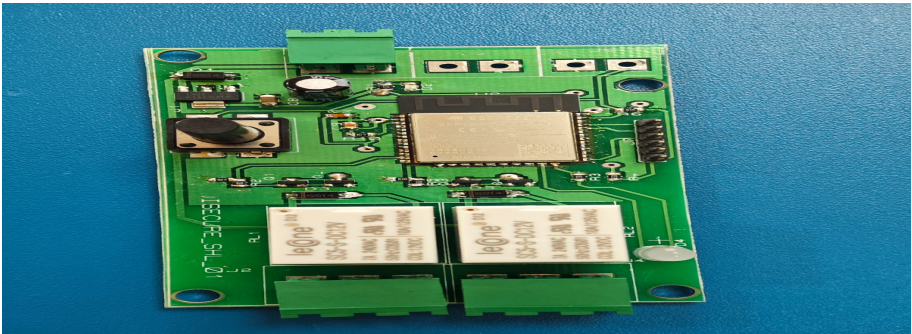

Smart industry solutions use IoT to optimize operations, security, efficiency, and remote monitoring.

jiSECURE Smart Home Controller

✓ Key Features:Multi-Device ON/OFF Control: Easily switch appliances like lights, fans, geysers, ACs, and water motors ON or OFF using the jiSECURE Smart Home app.Smartphone App Control: Manage all connected appliances from anywhere using the jiSECURE app (available on Android and iOS). Check status, turn devices ON/OFF, or schedule routines remotely.Real-Time Device Monitoring: Monitor the live status of each device, including which appliances are currently active, ensuring better energy control and transparency.Activity History: View detailed logs of when each appliance was turned ON or OFF, helping you keep track of usage patterns and detect unusual activity.Anywhere Access: Monitor and control your devices remotely from anywhere using your smartphone and an internet connection.Energy-Saving Design: Designed to maximize energy efficiency, lowering electricity usage and reducing utility costs.App Notifications: Receive alerts on device status changes, missed schedules, or disconnection errors through push notifications in the mobile app.Made in India: Proudly manufactured in India, ensuring high-quality local craftsmanship.1-Year Warranty: Comes with a standard 1-year warranty covering manufacturing defects and hardware issues.24/7 Customer Support: Access technical help anytime through live chat, email, or phone support channels. Our team is always ready to assist.

Model Number: SHL101_W2RS

Input: 110-240V AC / 12V DC
₹3,250.00

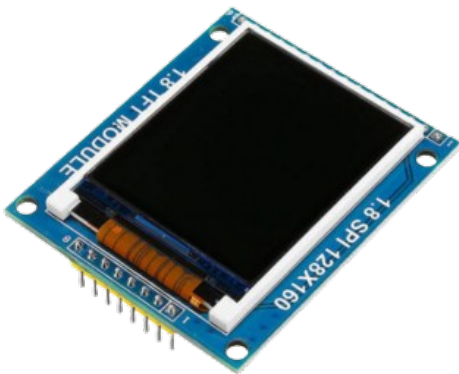

Specifications

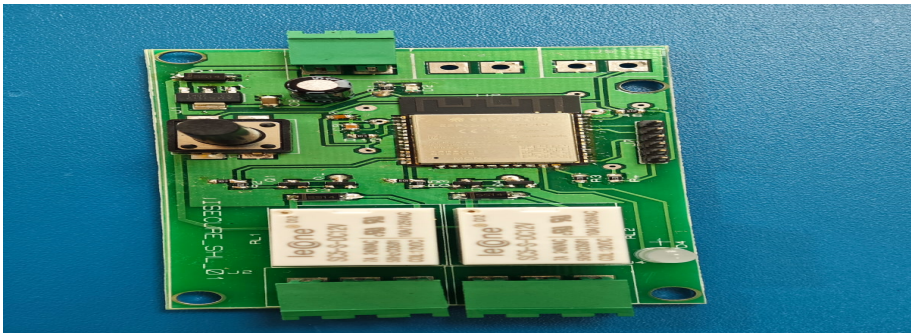

Brand	jiSECURE
Output / Load	DC 12V, 2.5A
Manufacturer	jiWeb Technologies LLP
Suitable For	Home, Office
Wireless Standard	Wi-Fi 2.4GHz (b/g/n) + BLE
Warranty	1 Year
Country of Origin	India

jiSECURE Smart Switch Board

- ✓ Control lights and appliances remotely via a smartphone app.
- ✓ Set schedules and timers to automate device operation.
- ✓ Monitor real-time energy usage to save power and costs.
- ✓ Stable Wi-Fi and Bluetooth connectivity for reliable control.
- ✓ Built-in overload and surge protection for electrical safety.

Model Number: SHL102_W2RS

Input: 110-240V AC / 12V DC

₹3,100.00

Specifications

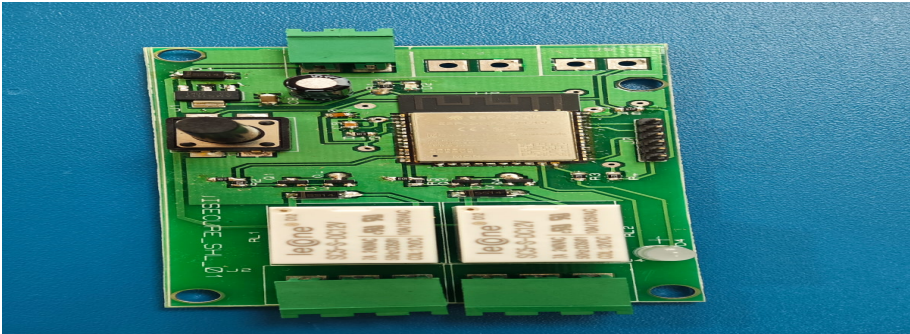

Brand	jiSECURE
Output / Load	DC 12V, 2.5A
Manufacturer	jiWeb Technologies LLP
Suitable For	Home, Office
Wireless Standard	Wi-Fi 2.4GHz (b/g/n) + BLE
Warranty	1 Year
Country of Origin	India

jiSECURE Smart Parking

- ✓ Automatic number plate recognition for quick and contactless entry and exit
- ✓ Real-time parking occupancy detection to guide drivers efficiently
- ✓ Digital payment integration for hassle-free transactions
- ✓ Cloud-based monitoring and management for centralized control
- ✓ High security standards to protect data and ensure system integrity

Model Number: SHL103_W2RS

Input: 110-240V AC / 12V DC

₹3,400.00

Specifications

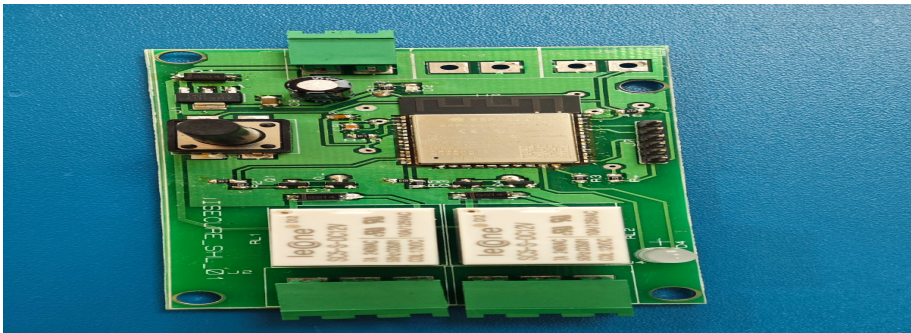

Brand	jiSECURE

jiSECURE 4 Node Smart Switch Controller

- ✓ **4-Channel Smart Relay Module:** Independently controls up to 4 separate electrical loads at once, meaning you can switch different appliances (lights, fans, routers, pumps, etc.) on or off without affecting the others ideal for rooms with multiple devices on different circuits.
- ✓ **Dual WiFi + Bluetooth Connectivity:** Combines the reliability of Bluetooth (works even without internet, useful for local/offline control) with the convenience of WiFi (enables control from anywhere via internet), giving you a flexible fallback if one connection type drops.
- ✓ **Full Smartphone App Control :** The jiSECURE Smart Home app lets you individually name, schedule, and toggle each of the 4 channels, turning a basic relay into a genuinely "smart" switch panel you can operate from your phone.
- ✓ **Seamless Integration with Existing Wiring:** Designed to retrofit into standard Indian home electrical setups, so there's no need to strip out old wiring or hire specialized electricians for a full rewire it slots into your current switchboard/circuit layout.
- ✓ **OTA (Over-the-Air) Firmware Updates :** The device can receive software/firmware improvements remotely, meaning new features, bug fixes, or security patches can be pushed without needing to physically access or reprogram the unit.
